Denali Commission	=	Commission

On April 17, 2006, ANTHC and Norton Sound Health Corporation executed a CPA authorized by the Denali Commission to perform the design and the construction planning for a new health clinic in Shaktoolik, Alaska. No construction was performed under this project phase.

The project was funded with \$71,595, via Denali Commission Financial Assistance Award No. 0146-DC-2004-I29, Addendum E, dated February 2006.

B. REVISION OF PROJECT FUNDING

This Amendment adds \$173,763 to complete the clinic design, via Denali Commission Financial Assistance Award No. 185-05, Amendment No. 5, dated May 2007.

Project funding therefore totals \$245,358.

This Amendment changes project administration to the following:

Design management shall be accomplished by ANTHC or its contractor. ANTHC shall take responsibility for all project oversight, technical assistance, and management of the design process. It is anticipated that ANTHC will use one of its indefinite quantity architect and engineering contractors to complete site adaptation of the NSHC prototype design for the provision of a primary care facility in Shaktoolik, Alaska.

MEMORANDUM

DATE: May 15, 2007

FROM: Certifying Tribal Official

SUBJECT: City of Shaktoolik – Environmental Review
Project No. AN 05-GD4, Amendment No. 1

TO: FOR THE RECORD

Federal funding for this project requires an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with the project in consultation with applicable federal, state, and local authorities. An environmental review was completed in March 2006 with respect to the proposed health facilities planning project at Shaktoolik, Alaska under Project No. AN 05-GD4. This Amendment will not change the scope outlined in the original document. No additional environmental review is necessary at this time.

The ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope of work changes.

Daniel Reitz, P.E.
